MINUTES OF THE MEETING
OF
LOUISIANA WILDLIFE AND FISHERIES COMMISSION

Thursday, January 7, 1999

Chairman Bill Busbice presiding.

Tom Gattle
Danny Babin
Tom Kelly
Norman McCall
Jerald Hanchey
Glynn Carver

Secretary James Jenkins, Jr. was also present.

Chairman Busbice called for a motion for approval of the **December 3, 1998 Commission Minutes**. A motion for approval was made by Commissioner Babin and seconded by Commissioner Carver. The motion passed with no opposition.

Announcement of Additional Properties for WMAs began with Mr. Bob Love stating the first purchase of 966.2 acres was from duck stamp funds. The acreage purchased last month is part of the Boeuf WMA and is in the southern portion of the WMA. He also stated it has been reported there have been as many as 40,000 ducks using the refuge this winter. The cost of the acquisition was \$225 per acre for a total of \$217,395. The Department has recently completed enhancement projects on this new acreage with funding assistance from Ducks Unlimited for the benefit of waterfowl and other species. Commissioner Carver asked what parish was this new land in? Mr. Love stated the new land is in Catahoula Parish and butts up against Caldwell Parish line.

Then Mr. Love stated the Department received two property donations from the Conservation Fund, a private, non-profit public land conservation trust in Virginia. The only stipulation on these new lands is that they be managed for conservation purposes. The first tract will be called Elm Hall WMA and is located between Napoleonville and Pierre Part and joins Lake Verret. This 2,839.12 acres of mature cypress swamp lays on the northeast corner of Lake Verret. Recreational opportunities include some waterfowl, squirrel, and deer hunting as well as alligator and fur bearer resources. The only access is by boat. Chairman Busbice asked if there were any high grounds? Mr. Love answered no, these are the back lands from the Elm Hall Plantation. Chairman Busbice then asked if crawfishing occurred in that area? Mr. Love stated the area is very shallow and would be good for crawfishing.

The last acquisition, called Lake Boeuf WMA, contains 786.44 acres and joins the south side of Lake Boeuf in Lafourche Parish. The area contains mature cypress and some fresh marsh. The predominant recreational activities include fishing and waterfowl hunting, but can include hunting for deer, rabbit and squirrel. The only public access is by boat from a number of local launches. Hunting regulations for these new areas will be included in the packet that will be presented this spring, stated Mr. Love. Chairman Busbice stated he was amazed people in the State and outside the State are willing to donate or allow the purchase of lands. Commissioner Gattle asked what is the total acreage on the WMAs? Mr. Love stated 1.3 million acres.

Mr. Bennie Fontenot handled the next item, **Rule Ratification - Black Bass Regulations, Eagle Lake**. This rule will establish a 16 inch minimum size limit for black bass in Eagle Lake. This lake is a border lake between Louisiana and Mississippi and an effort has been going on to re-establish the black bass population. Three years ago a 14 inch minimum size was placed on bass and is resulting in reproduction and fish growing. The State of Mississippi has stocked a large number of Florida bass and has asked Louisiana to increase the minimum size limit to 16 inches so the fish could spawn a few more times before being harvested. Mr. Fontenot stated the Department does not have a problem with the minimum size increase. Commissioner Carver asked if there were any regulations for any other species? Mr. Fontenot stated no. Chairman Busbice asked how big is the lake? Mr. Fontenot announced 4,500 acres. Then he read the rule into the record. Commissioner Carver made a motion to accept the Rule and it was seconded by Commissioner Gattle. The motion passed with no opposition.

(The full text of the Rule is made a part of the record.)

RULE

Department of Wildlife and Fisheries Wildlife and Fisheries Commission

The Wildlife and Fisheries Commission hereby amends the following rule on black bass (Micropterus spp.) on Eagle Lake located east of the Mississippi River in Madison Parish, Louisiana.

Title 76

Wildlife and Fisheries

Part VII. Fish and Other Aquatic Life

Chapter 1. Freshwater Sports and Commercial Fishing

§169. Black Bass Regulations, Eagle Lake

The size regulation for black bass (Micropterus spp.) on Eagle Lake located east of the Mississippi River in Madison Parish, Louisiana is as follows:

It shall be unlawful to take or possess, while on the water or while fishing in the water, black bass less than 16 inches total length on Eagle Lake, located east of the Mississippi River in Madison Parish, Louisiana. This rule shall become effective January 20, 1999.

AUTHORITY NOTE: Promulgated in accordance with R.S. 56:6 (25)(a), R.S. 56:325(C), R.S. 56:326.3.

HISTORICAL NOTE: Promulgated by the Department of Wildlife and Fisheries, Wildlife and Fisheries Commission, LR 19:909 (July 1993); amended LR 21:477 (May 1995); LR 22:376 (May 1996), LR 25: (January 1999).

Bill A. Busbice, Jr.
Chairman

The **Monthly Law Enforcement Report for December** was given by Major Keith LaCaze. The following numbers of citations were issued during the month of December.

Region I - Minden - 138 citations.

Region II - Monroe - 106 citations.

Region III - Alexandria - 303 citations. Commissioner Carver asked what particular rule was being violated on the "not abiding by rules and regulations" citations? Major LaCaze stated the main offenses were going off the ATV trails and camping in unauthorized areas. Commissioner Gattle asked if most of these violations are confined to WMAs? Major LaCaze stated all of these occur on WMAs.

Region IV - Ferriday - 149 citations.

Region V - Lake Charles - 209 citations.

Region VI - Opelousas - 178 citations.

Region VII - Baton Rouge - 177 citations.

Region VIII - New Orleans - 180 citations.

Region IX - Thibodaux - 220 citations.

Statewide Strike Force - 103 citations.

SWEP - 9 citations.

Seafood Investigation Unit - 55 citations.

Oyster Strike Force - 47 citations.

The grand total of citations issued statewide for the month of December was 1,660.

The aviation report for December 1998 showed enforcement pilots flew three airplanes a total of 43.2 hours for enforcement and 23.8 hours for other divisions.

Then Major LaCaze announced two hunters drowned on Catahoula Lake Tuesday, January 5, 1999. One person has been recovered and efforts were continuing to locate the other hunter. Commissioner Carver asked if the hunters were from central Louisiana? Major LaCaze stated they were from the Alexandria area. Commissioner Gattle asked if there have been any other fatalities during this hunting season? Major LaCaze stated there have been several hunting accidents, one incident occurred in West Baton Rouge Parish, another in Vernon Parish, then one occurred on Wednesday, January 6, 1999 in Tensas Parish. He then noted a statistical report would be given after the hunting season. Commissioner Gattle asked how did the number of violations for December compare with previous years? Major LaCaze stated this was normal for the month of December. Chairman Busbice asked if anything has developed on the fatality that occurred in Union Parish? Major LaCaze informed the Commission the man that did the shooting has been charged with negligent homicide by the Union Parish Sheriff's Office. Then Chairman Busbice asked if there have been any problems with enforcing the law on the Biloxi WMA since last month's report? Lt. Col. Charlie Clark stated the bigger boats have moved further north and agents have stepped up their patrol in the area.

Chairman Busbice then asked for the **Division Reports**. Secretary Jenkins stated indications are the State budget will be tight this next year. The Department will be meeting on Monday, January 11, 1999 with the Division of Administration to discuss the budget. Hopefully by the next meeting, Secretary Jenkins felt they would have a better idea of what the Department can or can not do.

After several minutes of discussion, the Commissioners agreed to hold the **May 1999 Meeting** on Thursday, May 6, 1999 beginning at 10:00 a.m. at the Baton Rouge Headquarters.

Chairman Busbice then asked if there were any **Public Comments**. Mr. Hugh Bateman wanted to bring the Commission up to date on action taken at the December meeting on snow geese. He stated everything is still on track. The U.S. Fish and Wildlife Service has extended the public comment period until January 15, 1999. Approximately 150 individual comments have been received on the proposed action, with half being for the proposal and the other half against. The response from the Department is on its way to the U.S. Fish and Wildlife Service supporting the proposed action,

stated Mr. Bateman. A final rule should be announced during the week of January 25, 1999. The action taken by the Commission, if approved by the Service, would allow electronic calls and unplugged guns for hunting snow geese effective February 1, 1999. Then on February 6, 1999, there would be no bag limits and shooting hours would extend to 30 minutes after sunset. The Department has received telephone calls asking if electronic calls are legal now. Mr. Bateman stated they will not be legal until the dates mentioned. Commissioner Carver asked how long was the season open after February 1, if approved? Mr. Bateman thought it was until March 14, 1999. Chairman Busbice stated there are no electronic calls to be found within a four state area.

Chairman Busbice asked if results of the DMAP survey on corn feeding has been finalized? Mr. Bateman stated a composite of samples taken may be available by next month. From a list he reviewed during the week, contamination rates still ranged from zero to as high as 5,000 ppb.

There being no further business, Commissioner Carver made a motion to Adjourn the meeting and it was seconded by Commissioner Kelly.

James H. Jenkins, Jr.

a purchase arranged through a member of the Salt Lake City ethics panel looking into Olympic bribery.

and purchase as part of alleged bribes

id, had been assigned can votes during the 1991 effort and the 1995 bid.

panel's probe is one of the ways under way to deter Salt Lake from bribes by providing them with scholarships, gifts, including medical care. The investigations are by the Olympic Committee and the Department.

estigations were for Salt Lake organization in November that the had made payments 10,000 in scholarship people, including six IOC members, primar-

was treated for hepatitis.

K. Brent Keller, a Weber County home builder, said that Smith was helping Ganga look for promising land investments when the two first visited Pleasant View in August 1995.

Keller's brother had built a home for Smith in Salt Lake, so Smith contacted him to inquire about investment opportunities.

Ganga bought three half-acre, undeveloped lots on the hillside overlooking Ogden and the Great Salt Lake for \$25,000 each. Keller then built a road to the lots, put in utilities and a storm basin, and Ganga sold the lots for \$45,000 each, one in 1997 and the other two in August, for a profit of \$60,000.

"He basically played bank for

New wildlife areas created by state

By JOE MACALUSO

Advocate outdoors writer

Southeast Louisiana sportsmen and conservationists have more than 3,500 acres of additional swamp and marshes available for hunting, fishing and other outdoors activities in two new wildlife management areas.

The announcement of the creation of the 2,839-acre Elm Hall Wildlife Management Area and the Lake Boeuf WMA came at Thursday's Louisiana Wildlife and Fisheries Commission meeting.

According to Wildlife and Fisheries' land-purchase manager Bob Love, both areas are accessible only by boat and are predominately mature cypress swamps.

Love said Elm Hall WMA is located on the northeast corner of Lake Verret and was part of the Elm Hall Plantation. Hunting and fishing, in addition to preserving the cypress-tupelo swamp, are its major assets.

Lake Boeuf WMA, a 786-acre tract, lies on the south end of Lake Boeuf and, according to Love, is approximately two miles from Raceland in Lafourche Parish. Love said there is some freshwater swamp and floton marsh in the WMA. These two features make it prime waterfowl hunting territory.

Both areas were donated to the Department of Wildlife and Fisheries. Love also announced an additional 966 acres to the Boeuf Wildlife Management Area in Franklin and Richland parishes.

"We were very hesitant about naming the new WMA Lake Boeuf after already having a Boeuf Wildlife Management Area," Love said adding that the distance between the two WMAs (about 250 miles) would

make confusing the two less likely.

The additions bring the total of Department of Wildlife and Fisheries-owned lands to 1.3 million acres.

In other action, the commission approved a joint management plan with Mississippi for Eagle Lake which borders the two states near Tallulah and Vicksburg, Miss. The plan calls for a 16-inch minimum size on black bass as the major effort to restock the oxbow lake. The previous minimum size was 14 inches on bass.

The commission also approved May 6 for its meeting date for that month. It's in May when the LWFC sets opening dates for the spring inshore shrimp season.

Department of Wildlife and Fisheries secretary Jimmy Jenkins Jr. said preliminary indications are that state budgets for all agencies will "be tight" for the 1999-2000 fiscal year.

"We've submitted our budget, and it's been returned with changes," Jenkins said. "We have a meeting Monday with the Division of Administration and, by February, we should know what our status is for next year."

The commission also learned that LDWF enforcement agents wrote 1,660 citations in December, including nearly 200 for migratory bird hunting violations.

Standing out on the list was a confiscation of 12 pellet guns and a citation for hunting robins in Region 8, which takes in the parishes of Jefferson, Orleans, Plaquemines, St. Bernard and St. Charles. Enforcement Division Major Keith LaCaze said the pellet guns were allegedly being used to hunt the first robins in the late winter migration.
